Have you used the Suggestion Boxes placed at various locations on the campus?

- **Interpretation:-** Most of the students mentioned that they have used the suggestion boxes placed at various locations on the campus.

Followings are suggestions observed from above students satisfaction survey:

- Need to increase ICT based teaching- learning process.
- Revision of all the syllabus before exam should be done.
- All teachers always motivate students to come out of their comfort zone and overcome challenges.
- Use more project based learning, provide real time experience of course.
- More industry visits could be included
- Can add some online courses.
- Focus should be on practical implementation rather that learning theory.
- Need to support students pursuing other professional courses, they are doing these for their increased employability.
- Professors always encouraged students to participate in extra curricular & co-curricular activities.
- Communication in college about notices or instructions needs to improve.
- The office staff need to be more co-operative to the students.
- More social and cultural activities can be promoted.
- Should spread general awareness about facilities provided by college to new students.
- Need to provide internship opportunities to the students.
- Frequently tests should be conducted chapter wise
