## FOREWORD

‘Siddhi Sanshodhan’ is our annual collection of working research papers from our faculties. This is the second year of the publication and this is our second issue. The purpose of this booklet of research is to foster communication amongst scholars, to provide a proving ground for practical and theoretical ideas and to document emerging scientific knowledge. This booklet contains the tradition of publishing research by a diverse array of faculties. It is the platform where ideas and thoughts can be exchanged, examined and applied. There is great relevance to research in education. It is important to understand the essence of research. The COVID-19 pandemic has led to a drastic loss of human life worldwide and presents an unprecedented challenge to public health, food systems and the working environment. The economic and social disruption caused by the pandemic is devastating. In the battle against COVID-19 across the globe it is of prime importance to conduct research in the varied areas affected by it. This booklet includes articles and papers with a focus mainly on Covid-19. It also covers areas such as Marketing, Commerce, Social science, Economics, Science etc.

The research paper writers are solely responsible for their views expressed in the articles and research papers published here.

Wishing best of research practices in the institution.

Dr. Sanhita Athawale  
Principal
